Kiwanis Club car show, Columbia Illinois Sept 4th 2010

by Vic Nettle

The weathermen predicted that it would take until after noon to break into the 60 degree range. Fortunately the sun was bright and warm so that the day was extremely pleasant. One could cool oneself by going into the shade or one could warm oneself by being in the sunshine.

Buzz Simpson in his yellow jacket 2004 GTO, Cory and Paul Jenkins, and Joyce and I left our house and headed for the car show at 8:30 AM. Cory drove our 1999 TA, Paul our 1989 TA, Joyce her 1978 Phoenix, and I my 1970 GTO. It only took about 10 minutes to arrive at the park in where the car show was being held. Many cars were already there.

The Kiwanis Club had the parking organized perfectly with sections designated for the various classes of cars and clubs. This made it easier for the judges to do their job assessing the cars. I estimate 175 registrants. By 10:30 food was cooked and for sale. Hot dogs, bratwurst sandwiches, hamburgers, cheeseburgers, pulled pork sandwiches, soda, chips, and some other items that I do not remember were available.

Fundraisers for the kids were: a silent auction raising around \$800, two 50/50s, and a chicken poop raffle (where people bet on which of 48 numbers would be "fouled" by a chicken)

There were many like new old tractors: a beautiful 1953 Golden Jubilee Ford tractor caught my eye, but several others were just as nice in their own right.

Kiwanis Club car show cont.

The pictures show the great variety of cars and trucks (and a halftrack and a cannon). Old and new Dodge Challengers gave the opportunity to do side by side comparisons. Thunderbirds, Corvettes, Camaros, Mustangs, Buicks, Pontiacs, Ford trucks, Dodges, Plymouths, Mercury(s), Jeeps, Volkswagons, firetrucks, motorcycles, a Studebaker, a Corvair, and Oldsmobiles.

See: <http://powerdrivers.net/pontiac/gallery/2010/Kiwanis94/index.htm>

Pontiacs observed were; Buzz Simpson's yellow jacket 2004 GTO, our black 70 GTO, our 99 anniversary TA, our 89 anniversary TA, our maroon 78 Phoenix, Don Schroers' black 06 GTO and his 69 green GTO, Darrell May's Honda metallic red 65 GTO, Kyle Keith's 05 gray GTO, Brian Thompson's 78 white TA, Guy Lewis's 69 blue Firebird, Mark Marsala's gold 77 Ventura, Terry Murphy's Cadillac red 68 GTO newly restored by Dave Trokey, and Dale Mueth's silver/gray 57 Chieftan.

In the 4 Pontiac classes the results were as follows:

Pontiac Classes	1926-1989 stock	1926-1989 modified	1990-current stock	1990-current modified
3rd place	Brian Thomason 1978 TA sponsored by Ziebart	Joyce Nettle 1978 Phoenix sponsored by Nobbe Chiropractic	Joyce Nettle 1999 TA sponsored by Luhr Brothers	
2nd place	Don Schroers 1969 GTO sponsored by Hytech	Vic Nettle 1970 GTO sponsored by Guarantee Pest Control Terry Murphy	Buzz Simpson 2004 GTO sponsored by Luhr Brothers	
1st place	Darrell May 1965 GTO sponsored by Pontiac Power Drivers	1967 GTO sponsored by Pontiac Power Drivers	Don Schroers 2006 GTO sponsored by Luhr Brothers	Kyle Keith 2005 GTO sponsored by Conrad Press

After the award were given out by George Weber (of Weber Chevrolet) and the mayor of Columbia and Jeff Riley people left and we went out to eat.

The day was perfect with something for just about everybody.

15th Annual Vago Park

by Joyce Nettle

This Labor Day weekend was just wonderful. The temperatures were very pleasant, in the 70s and 80s. Saturday we went to the Kiwanis Show in Columbia IL. Sunday we visited family, took a cruise on some back roads in IL and ate at Joe Boccardi's in Columbia IL. Labor Day I got up and went to Vago Park where there was a car show. When I arrived I said to myself, where are the cars. I followed the road around the park finding out the park had been extended, don't know when. I found the cars all set up in the back of the park.

I took pictures of all the cars, bikes, trucks and special interest vehicles. It was another day of the Holidays wonderful temperatures. There was a pleasant breeze and plenty of shade from all the trees.

I saw several Pontiacs that were proudly exhibited at the event. Guy Gordon's 70 white GTO Judge, Jim McCarthy's 66 black rose metallic GTO, Clay Erickson's 66 plum GTO, Earl Lewis' 67 red GTO, Kyle Keith's 05 silver GTO, Terry Murphy's 67 red GTO, Timothy McGovern's 88 white Fiero, and Bob and Joanie's 1937.

Also at the event were Corvettes, Camaros, Mustangs, Buicks, Fords, motorcycles and lots more.

See:

<http://powerdrivers.net/pontiac/gallery/2010/Vago/index.htm> I took pictures of all the cars there (around 200).

Tents were erected for vendors of various types, from wood plaques that had signs and cartoon characters that said "Do Not Touch My Car" and so on and Monster Energy drinks were given out.

Labor Day 2010 cruise across ferries

by Vic Nettle

After leaving the show Vic and I wanted to go for a cruise. With no particular destination we started driving from Paul and Cory Jenkins house and went north to highway 370. I made a left turn onto 370 and quickly realized 370 dead ends into I-70 in a couple of miles. So we turned around at the Mid-Rivers exit and went back to 370 and headed the other way to highway 94. At 94 we headed north and followed the signs to the Golden Eagle Ferry. The water at the ferry is still quite high but the ferry was running. After crossing we stopped at Kinders restaurant. It was packed with about 50 motorcycles on a poker run. We figured that there would be a long wait at the dining room but that was not the case since almost all the customers were in the bar area.

The catfish was excellent, the pork chops were good too as were the hush-puppies, salads and French fries.

After eating we drove to the Brussels ferry and crossed the Illinois River then took the Great River Road to Grafton. While at Grafton we decided to have some ice cream at the Grafton Ice Cream store. They were almost out of hand-dipped ice cream, having only enough for 1 and ½ cones of rocky road chocolate. The rest of us had soft serve cones and sundaes.

The weather was so nice that we drove home with the windows down and the AC off. If only it would stay this way for a month or 2.

Speed and Specialties Car Show September 18, 2010

by Vic Nettle

Preparation for the event had Paul Jones and Jesse Long busy all day Friday cleaning the shop and the lot, and getting ready for the food preparation. A 135 pound pig was roasted all night and made the most delicious sandwiches I have ever tasted (free to attendees and friends). Chips lemonade and tea were also served.

Weather was near perfect with sunny skies and temperatures in the 90s and occasional light breezes. The nominal start time was 9AM. By the time we arrived at 10 AM many cars were in place. Cars drifted in and out through the day. Pictures of about 75 cars were taken.

Paul, Cory, and Tori Jenkins and friend McKenna Conway arrived with Cory's 2010 Maroon Camaro at 9 and helped get setup. They also saved a good parking spot for our 416 cubic inch LS3 engined Grand National. Bill Fenlon brought his Cyclone Gray 2005 GTO. Virtually all of the cars and motorcycles in the pictures have been worked on by Speed and Specialties. The street had several new black stripes on it. See pics of event at <http://powerdrivers.net/pontiac/gallery/2010/speed/index.htm>

T-shirts were on sale for \$12 with many being distributed free by beautiful young girls (Tori and McKenna). Several dogs attended and feasted on pork that they mooched from everybody who had sandwiches.

At 4PM people started going home. We followed Bill Fenlon all the way to I-55 where we went our separate ways.

It was noted that westbound traffic on I-70 was heavier than normal because the westbound I-64 bridge over the Missouri River was closed for the whole weekend. After arriving we heard they opened the bridge early. That should help ease the traffic.
